FITTINGS

Adjustable Flat Bend

Adjustable flat bends flex from 45 to 90 degrees and make it easy to route the SpeediChannel™ around an obstacle. Each adjustable bend is individually packed and includes stainless steel screws.

CATALOG NO.	DESCRIPTION	ORDER UOM	ORDER MULTIPLE
230-AFB3	3in. Adjustable Flat Bend	EA	10
230-AFB4	4in. Adjustable Flat Bend	EA	10

Soffit Fittings

Ideal for outdoor applications where the SpeediChannel™ runs up an exterior wall and enters the house vertically through the soffit. Its large flat surface area easily covers the rough opening cut in the soffit. Furnished in two parts, the Soffit Fitting easily snaps onto the SpeediChannel™ for a clean installation.

230-SF3	3" Soffit Fitting	EA	10
230-SF4	4" Soffit Fitting	EA	10

Wall Penetration

Wall sleeves and penetration covers are used to transition from the SpeediChannel™ system to a through wall penetration. The wall sleeve creates a neat hole through the wall, and the line set is covered by the wall cover. DiversiTech's wall covers are designed to allow for easy installation - even after the line set has been installed. A unique hooking and fastening arrangement allows for quick and easy installation. Each wall cover is individually packed, and is furnished complete with stainless steel screws to attach the wall cover to the base. Three screws (supplied by others) are needed to fasten the wall cover to whatever type of wall construction the system is being installed on.
