## SLIDE PINS

With Duro Dyne's complete line of Damper Slide Pins, nearly every configuration requirement can be satisfied. Duro Dyne's Damper Blade Slide Pin selection provides a low cost alternative to damper hardware such as straps, set screws and solid pins. Installation is as easy as 1-2-3.

1. Punch a hole in the Damper Blade
2. Position a Pin on the Blade
3. Lock the pin in position by tightening 1/4" hex nut after sliding the pin into the damper bushing.
