## Technical Information

All Mansfield® wall-mount urinals are supplied with this exclusive one-piece steel hanger. Easily installed and adjusted, it contains 7 holes for solid mounting against wall. Anchoring screw must be used for correct installation. Standard plumbing practice recommends use of both mounting bracket and anchoring screws. NOTE: For secure installation, wall-mounting hanger should be fastened to solid support wall stud.

These dimensions are nominal and subject to change without notice.  
Fixture performance and specifications meet or exceed ASME A112.19.2-2008/CSA B45.1-08 standards, and other state and local codes.
