

# MILL-ROSE

## Hand Tools, Heat Shields & Flame Blankets

### Quick-Release Pliers for All Types of Push-Lock Fittings

Remove all types of 3/8", 1/2" and 3/4" push-on fittings used with copper, PEX and CPVC materials with Mill-Rose Quick-Release Pliers. The plier's spring action makes for a quick and secure grip on tubing, even in hard to work areas where space is limited. These pliers feature a comfortable cushion-grip handle and heavy-duty design for years of service. Mill-Rose Quick-Release Pliers will save you time, aggravation and money removing push-on fittings.

Cat #	Description	Std. Pkg.	Wgt./Pkg.
77050	Quick-Release Pliers	12	15.5 lbs

**One tool for all your push-lock fittings!**

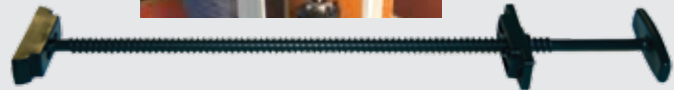

### Plumber's Third Hand Garbage Disposer Installation Tool

**Easy to use... One person can install garbage disposers in minutes!**

Mill-Rose Plumber's Third Hand simplifies installing residential and commercial garbage disposers. Insert the Plumber's Third Hand through the sink strainer and into the garbage disposer then pull up so the disposal is in the desired position. Spin the wing nut clockwise down to the strainer opening. The Plumber's Third Hand will hold the disposal in place leaving you with two hands free to install the disposal. Once installed, turn the wing nut counter clockwise to remove the Plumber's 3rd Hand installation tool.

## Shield studs, walls, floors and surfaces from flames, sparks and molten splash during soldering and brazing operations!

### The Insurance Pad®

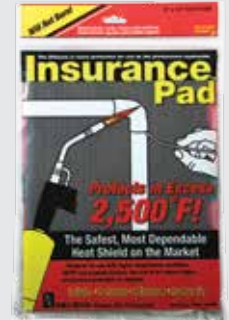

The Insurance Pad is the ultimate heat shield. Use wet or dry, where higher temperature protection and prolonged use is required. Great for use with acetylene air torches. The Insurance Pad delivers protection in excess of 2500°F, an incredible improvement over ceramic and fiberglass heat shields on the market. The Insurance Pad® is a fibrous-felt heat shield with the safest specs in the industry. Repeated use actually increases its heat resistance. Fibers in this heat shield take on graphite

Cat #	Description	Std. Pkg.	Wgt./Pkg.
71036	6" x 9" Display Pkg.	10	1.0 lbs
71038	9" x 12" Display Pkg.	10	1.8 lbs.

qualities when exposed to flame, increasing its heat resistance. Attractive point-of-sale packaging builds sales, plus the zip-lock bag provides added protection when not in use!

Custom sizes are available. Contact our Customer Service Department for information.

### Torch-Guard®

The Torch-Guard® Heat Shield provides protection up to, but not exceeding 2500°F. It is asbestos free and features high-strength, needle-punched carbon fiber. It has two grommets for hanging, is flexible and will not peel, flake or break down.

Cat #	Description	Std. Pkg.	Wgt./Pkg.
