

# Beverages Taste Best with Everpure® Filtration

Quality food service products start with the best quality water, which ensure energy efficiency and maximum equipment life. Everpure® products provide proven technology to provide you with premier water for all of your food service needs: drinking water, ice, fountain beverages, coffee and steam.

Drinking water

Ice

Boiler Steam

Coffee

Espresso

Iced Tea

Fountain Beverages

## What's Your Filter Size?

Pentair® Everpure® replacement filter cartridges are manufactured in five different height configurations. Each cartridge has a size designation of:

2-size = 10.25" tall

4-size = 14.50" tall

6-size = 17" tall

7-size = 20.75" tall

X-size = 25" tall

## Water Testing & Analysis

It's smart to know what's in the water. Everpure's SMARTWORKS program offers everything you need to grow your water filter sales using testing information. The program includes:

- An easy-to-use water test kit
- A custom water analysis to help foodservice operators better understand their water quality
- A tailored product recommendation—the right solution to ensure the operator has premium water to serve and equipment that operates in peak condition.

### Standard Foodservice Analysis Kit 7013-73

*Includes water bottle and lab analysis of 30 contaminants and characteristics*
