

100% RTV Silicone Rubber Sealants

available in clear, white or aluminum

100% RTV Silicone Rubber Sealant creates a flexible, durable weather resistant seal between similar and dissimilar materials; provides excellent adhesion to tile, glass, porcelain, ceramic, fiberglass, non-oily woods, plaster, painted surfaces, metal, many plastics, rubber and other common building materials. It will withstand temperature extremes from -60°F to +450°F. and is waterproof for indoor/outdoor use. Dries to the touch in one hour, cures and bonds in 24 hours. Meets Federal Specifications for use in establishments operating under Federal Meat and Poultry Inspection Program. When cured and washed ingredients remaining or which could migrate to food are listed on FDA Regulation No. 21 CFR 177.2600. Federal Specification TT-S-001543A, TT-S-00230C and ASTM-920-86. **Do not top-coat; paint will not adhere to silicone.**

Product	Item Number	U.P.C. Number	Case Pack	Carton Wt. (Lbs.)
