

Plumber's Epoxy Putty

Epoxy Putty

single stick

Epoxy Putty hardens like steel in 20 minutes! Ideal for temporary repair of plumbing, electrical, auto and home. Plugs, seals, patches holes and cracks and mends almost anything broken. Excellent for fabricating or rebuilding parts and for use as an all-purpose adhesive for metals, wood, glass, masonry, ceramics and many plastics. Can be drilled, tapped, filed, sanded and painted like metal. **Do not use with polyethylene or polypropylene.**

Plumber's Putty

Plumber's Putty

professional grade

Plumber's Putty is easy to use and long lasting. Remains flexible and will not harden, shrink, crack or crumble even if cup is left open. Will not support bacteria. Putty is professional grade and is widely used for setting bowls, rims, strainers, faucets, etc. Meets Federal Specification TT-P-1536A. **Do not use on marble, synthetic marble, other porous surfaces or on plastic lavatories and fixtures. For these applications we recommend Harvey's Siliconized Tub Seal Latex or 100% RTV Silicone.**

Siliconized Sealants and Caulk

Siliconized Tub Seal Latex

available in clear, bone, white or biscuit

Siliconized Tub Seal Latex is a water based acrylic caulk with silicone for added adhesion and low temperature flexibility. Provides a weather resistant seal against air, moisture, dirt, dust and insects. Use indoors or out. Easy application; soap and water cleanup. Fast drying. Nonflammable. Provides excellent adhesion to brick, ceramic, vinyl, wood, glass, china, plaster, drywall and metal. Caulks around tubs, showers, enclosures, sinks, tile, walls, door moldings and windows. Also resets loose tiles. Fills joints up to 3/8" wide x 3/8" deep. Tack free in 30 minutes; paintable in 2 hours with latex or oil based paints.
